Goddess Warrior is a Universal Template to Awaken

Whether you are male or female, the Goddess is
your receptive, forgiving, and caring nature,
the Divine spark within and that is what it means to be Love.
As a Goddess you allow others, which is a key to happiness.
The Warrior intentionally creates and takes responsibility
for the here and now.
With the heart of the Goddess and
the grounding and awareness of the Warrior,
you possess the keys to being free.

The Tarot Archetypes Weave a Myth to Awaken

The mythic images are a guide, a simple code that shows how to live as a soul

The Archetypal keys relate to the ten Astrological planets and twelve signs.
The twenty-two major principles reveal the means to a whole new way of being.
